

Sport Center BIT has been operating successfully in Ljubljana for ten years. Five years ago, we completely renovated our FITNESS CENTER BIT and expanded our tutored exercise program. We are located in Stepanjsko naselje in Ljubljana. The location is easily accessible and has a large parking place.

Fitness | Our 430m2 fitness club has 50 professional fitness machines (15 of them are cardio) and is open every day, including holidays, between 7:00AM and 23:00PM. The fitness equipment is provided by Life Fitness, Hammer Strength, Sokol Gym and Air Machine. In addition to the best fitness equipment, FITNESS CENTER BIT is also distinguished by nice personnel, renowned fitness and aerobic instructors, a wide spectrum of tutored exercises and favorable prices with **special benefits for companies**.
